KidsMatter

Dear Parents/ Caregivers

Over the last six years the Faulconbridge Staff have used the KidsMatter Bounce Back program with K-6 students. It is a well being program that addresses issues such as building resilience, being courageous, relationships and bullying. During previous years K-2 classes had parent buddies; they were contact people for our classes and could provide information to parents on procedures and/or upcoming events. Staff will be participating in Professional Learning in the near future. In order for the school community to have input, there will be an online survey for you to participate in and register your views. It will be online for approximately two weeks starting Friday, 30th August and finishing on Friday, 13th September. This is the website address and there will be a link on the school's website:
